ABOUT ME

Being a triplet, and one of four boys, has prepared me to be a good communicator and team player. I am motivated, focused and results oriented. I am a dual citizen of the United States and the United Kingdom.

WORK BACKGROUND

Front End Developer

ApprentiScope | April-July 2018

- Contributed to front end development using the Vue.js framework
- Created the initial front end components used in the company's web application
- Stack: HTML, CSS, Vue.js & Node.js

Software Developer

Rhume | November 2017- April 2018

- One of five principals at Rhume, a student-created and run computer software company
- Worked on front-end development for a cross-platform mobile app that provides users with a live view of campus locations, study room availability, and study group information
- Awarded 3rd place in the people's choice category at the 2017 UVM CS Fair
- Stack: HTML, SaSS, Node.js & Ionic

Information Technology Consultant

Epoch Investment Partners | June - August 2017

- Assisted the CTO of Epoch Investment Partners, an investment management company in NYC
- Tasked to explore new ways to manipulate data using R integrated into SQL to bring data services in house

SalesForce Developer Intern

TV Eyes | May - August 2016

- Used Salesforce software to create workflows to help make the input of new clients more efficient

Data Analyst Intern

TV Eyes | May - August 2015

- Optimized the updating and input of new client's information in excel with excel formulas
