## EDUCATION

---

### Rutgers Business School

*Bachelor of Science in Supply Chain Management*

**New Brunswick, New Jersey**

*Graduation Date: May 2020*

- **GPA: 3.24/4.0; Major GPA: 3.9/4.0**

### Rutgers Business School Product Manufacture

*Environmental Management Product Research Intern*

**New Brunswick, New Jersey**

*September 2019 – December 2019*

- Researched the potential environmental impact of products using MillerCoors supply chain process.
- Analyzed the data found against the economic impact to the company and consumer; found key environmental impact supply chain data; researched material usage as regards recyclable content; analyzed emissions, water stewardship, and brewery waste as regards their environmental impact.
- Conducted a Climate/Carbon/GHG, Energy and Waste Impact Analysis of MillerCoors; compared product ingredients, packaging and manufacturing processes to alternative products; examined the toxin, water and social impacts of the product ingredients; helped suppliers pinpoint areas within the supply chain for minimizing waste and energy consumption.
