

Capital One Escrow Express

Escrow account management at your fingertips

Manage and track escrow funds easily and efficiently with Capital One® Escrow Express, a state-of-the-art, virtual sub-accounting system. Decide when, where and how you want to process account transactions with secure, web-based access via Intellix®, our online treasury management portal. Go online to view your entire escrow relationship, open and close sub-accounts, make allocations or transfers, download or run statements on demand and more.

A single point-of-access to escrow accounts

Designed specifically for managing escrow master and sub-accounts online, Capital One Escrow Express is ideal for attorneys, property managers, government entities, real estate agents, 1031 exchanges or any organization that needs to hold funds for multiple clients while also maintaining a separate accounting structure for each.

Capital One Escrow Express gets the job done for you

- Simplify the management of escrow funds, interest processing and tax reporting across multiple sub-accounts
- Gain more control over day-to-day cash flows with up-to-the-minute access to balances and transaction details for each escrow sub-account
- View master and sub-account summaries, access transaction histories and download statements for master and sub-accounts

- Opt to receive combined monthly statements for your master and sub-accounts
- Take control of your interest payment and disbursement schedules with flexible options for each master account
- Where applicable, automate split interest processing between the sub-accounts and the master account
- Enjoy single-sign-on access to Capital One Escrow Express and your other online treasury management services as they come onto the Intellix portal
- Protect against fraud using multi-factor authentication

Great product, excellent service

Clients using Capital One Escrow Express are supported by a dedicated team of Escrow product specialists and service associates. You can be assured that you are working with someone who understands the unique requirements and nuances related to escrow transactions.

Enhance your Capital One Escrow Express experience

In addition to our Escrow Express service, Capital One gives you the ability to scan checks that come into one or more of your business locations directly and deposit them electronically into your master accounts. With our Remote Deposit solution, you will be able to:

- Save time and money by eliminating trips to the bank
- Extend your deposit window to 11 p.m. ET/10 p.m. CT
- Get same day credit for deposits made by the deadline

All in a secure, easy-to-navigate web-based environment.
